A CHANCE TO PERFORM

"My 6 year old really enjoyed the Gruffalo workshop, had lots of fun acting as well as playing games, crafting and doing other activities. Her highlight was performing to parents at the end and showing off what they had been working on!"

LITTLE RASCALS WORKSHOPS (RECEPTION-YEAR 2)

Our Play in A Day are fun-filled drama workshops offering children in Infant School (Reception-Year 2) the opportunity to devise, rehearse and perform a play under the guidance of our experienced Drama Facilitators. The workshop offers younger children the opportunity to develop the building blocks of drama and performance.

The children will explore the world of a story; develop characters, create soundscapes, form scenes and tell stories in order to build their creation into a performance which will be shared at the end of the day.

This process is designed to develop creativity, build confidence and help with communication skills and teamwork. But more than that is designed for the children to have a really fun day and introduce them to the world of theatre performance.

BANDITS WORKSHOPS (YEAR 3-6)

Our Play in 3 days/A Week are fun-filled drama workshops offering children in Junior School (Year 3 to Year 6) the opportunity to devise, rehearse and perform a play under the guidance of our experienced Drama Facilitators.

Throughout the workshop, the group will create their own version of a popular book or story. Children will develop characters, learn stagecraft skills, devise scenes to build their play for a performance on the final afternoon for families to enjoy.

This process is designed to develop creative thinking, drama, and improvisation skills and build confidence and teamwork. Children can let their imagination run wild as there is no limit to what can be achieved; who knows what strange and wonderful adventures the children can go on.

A PLACE TO MAKE NEW FRIENDS

"Girls had a great time on the Easter course with new & old friends and loved working with the group to devise their own show. Couldn't wait to go back each day!" - Anna M Read more of [our testimonials](#).

B KEY INFO

A

D

Led by our experienced drama facilitators, the children will build their new theatrical world with the help of costumes and props as well as crafting to help bring our story to life in all of our workshops. They will not only perform in the play but, throughout the creative process, learn to share ideas and work with others. Through speaking, listening and using imagination, children will build their understanding of how to dramatise a story and present a finished production for an audience of family and friends to enjoy.

All children will need to bring is their willingness to get stuck in, their imagination, comfy clothing and plenty of snacks and drink to keep their energy levels up.

Please note we are not a specialist SEND provision and the student should be comfortable learning in an energetic group environment. We regret that we cannot offer 121 support in group classes. For more information please read our Student Inclusivity Statement.

- Many of our families return workshops after workshop

BE YOUR MOST CREATIVE SELF

"This is the second workshop my son has attended. He enjoyed the first one so much, I was a little worried this one might not live up to his high expectation, but I needn't have worried- it was every bit as engaging as the first. He didn't really know anyone at the start, but made many new friends by the end of the first day. The workshop was well-organised and communication was excellent. This has been such a positive experience for him." - Helen W
